

Retail fit-out & installation partner

When you have a project in Europe, the Americas or the Middle East, we install it to the drawings, on your schedule, as part of your team.

BASED IN ROMANIA AND ITALY
INSTALLATION PARTNER FOR
SHOPFITTERS & FIT-OUT CONTRACTORS

WHO WE ARE

An installation team that plugs into your project.

CAMYS Solutions is a retail fit-out and installation company, founded by a family of joiners with more than 20 years alongside furniture makers in Brianza, Italy. Our team has fitted stores, offices, homes and hotels across Europe, the Americas and the Middle East. We work as an installation partner for shopfitters and fit-out contractors.

SECTORS · RETAIL STORES · OFFICES · HOMES · HOTELS

CAMYS SOLUTIONS

WHAT WE INSTALL

Your joinery and fixtures, fitted to the drawings.

Millwork & joinery

- Wall panelling & veneer
- display units & niches
- built-in joinery
- on-site adjustments

Facades & storefronts

- Storefront elements
- facade cladding & details
- coordination with the site team

Furniture & store fixtures

- Receiving & checks
- assembly & positioning
- levelling & alignment
- protection until handover

Office fit-out

- Office joinery & storage
- furniture installation
- final adjustments

Typical items: counters, shelving, showcases, shopfronts, wall panelling, display units, lit niches, cabinetry, vitrines, loose furniture.

WHY WORK WITH CAMYS

Part of your team, from delivery to handover.

One team, one point of contact

One crew, one phone number. You always know who is on your site and who answers.

Works alongside your PM

We work alongside your project manager, general contractor and designer, to your programme and site rules.

Ready to travel

Experienced installation crews ready to travel to your site, wherever the store is.

Discreet, NDA-friendly

Many of our projects happen behind closed doors. We don't name clients or stores.

Insured

Policy details and company documentation available on request.

“A store opens once.

We fit it for that morning.”

CASE STUDY · FASHION BOUTIQUE · AMERICAS

OUR ROLE: INSTALLATION PARTNER

Fluted concrete walls and full store installation

40

days on site

100+

fluted concrete panels

On time

handover, ready to open

THE CHALLENGE. The department store stayed open throughout the works. Our crew, sized to the project, worked behind a site hoarding, to a fixed handover deadline.

THE SCOPE. Over 100 lightweight fluted concrete panels (honeycomb-backed, fixed on Z-clips and rails, metal profiles at the joints), plus most of the store fixtures: stone tables and ledges, backlit onyx shelving, black glass and mirror showcases, cash and wrap desks.

THE RESULT. The store was handed over ready to open.

FLUTED CONCRETE
PANELS

PROJECT GALLERY

Installed by CAMYS

Selected work from several projects.

Joinery, fixtures and wall panelling installed by our team.

Backlit onyx shelving · Americas

Built-in bench and lit shelf · Middle East

Veneer niche with lit shelves · United Kingdom

Curved fluted wall panelling

HOW WE WORK

Four steps, one team, your schedule.

Drawings & scope

You send the drawings and scope. We work from the technical drawings and check dimensions before anything goes up.

Planning & team

Site visit, then programme and team agreed with your project manager.

On-site installation

Site preparation and layout marking, receiving and checking every piece, moving it safely inside, and installing it.

Snagging & handover

Final adjustments, protection until handover, and support after handover.

“If something doesn’t line up, we stop and fix it first.”

WHERE WE WORK

Europe, the Americas and the Middle East

- Based in Romania and Italy
- ◆ Projects delivered: Toronto, Miami, Mexico, United Kingdom, Abu Dhabi, Dubai, Singapore
- Partners on the ground worldwide: London, Paris, New York, Miami, Toronto, Mexico, Turkey, China and the Middle East

NEXT PROJECT

Send us your drawings.

Tell us where and when. We come back with a plan and a team.
We answer within one working day.
